Seton Ambulatory Center - St. Mary's Hospital

The Good "News"
The Follies and The Seton Ambulatory Center

If the bad news is the ever escalating cost of living, including hospital care, the good "news" are tonight's "NEW" Follies . . . and what they will mean for the "NEW" Seton Ambulatory Center at St. Mary's Hospital.

The Center, Rochester's newest facility for same-day surgery, opened in December, enabling St. Mary's to more than double the number of patients who can come in, have surgery and return home the same day.

And same-day surgery costs less . . . in time, inconvenience, and dollars.

The Seton Ambulatory Center's conception and design look to the future . . . while its name reflects the traditions of the past . . . a tradition of caring, dedication and commitment from the generations of Seton women who have supported St. Mary's Hospital.

- The new center has two fully equipped operating rooms, two rooms for medical procedures, a 12-bed recovery area and three preparation rooms . . . all designed for patient comfort.
- Free, separate parking is available, just a few steps from the Center's entrance.
- A separate entrance allows patients speedy access to the center without going through the hospital.
- Facilities are designed with families in mind . . . and families are encouraged to be with patients both before and after surgery.

The only thing about the Seton Ambulatory Center that isn't new is the spirit of warmth and caring that patients find there. That's something which has been a part of St. Mary's for generations.

St. Mary's Hospital is grateful for your support of the Follies . . . and the Seton Ambulatory Center care the proceeds will help provide.

Thanks to you, we're "looking good."

The "Stars" of St. Mary's Hospital

Sister Ann William

The past year has been an exciting one for St. Mary's Hospital, with special events such as the Daughters of Charity 350th Anniversary and the dedication of our new Seton Ambulatory Center and surgical facility. In 1984, the Women's Board and the Seton Branches have come up with something new and exciting - the Follies - "Looking Good" - to keep things moving. Their enthusiasm has spread throughout the hospital bringing everyone together for the success of this fun-filled event.

The spirit under which the project was undertaken reminded me of a remark made by Will Rogers. "Even if you are on the right track, you will get run over if you just sit there". We know St. Mary's is on the right track and many have helped us get there. The Follies has encouraged us all to get up and move to plan a different activity which will provide funds to enhance the new Seton Ambulatory Center, a facility whose flexibility in care reflects the central value of St. Mary's, that of compassion and caring for others.

The success of the Follies is made possible by the devoted support of many groups within St. Mary's family. The Trustees express appreciation to the Medical and Professional Staffs, the Faculty, the leadership demonstrated by the Women's Board, Volunteers, the Employees and other true friends of St. Mary's.

Everyone has had fun . . . and everyone, expecially our patients, will benefit. By working together in this new way, we have provided funds to advance our services and enhance our care.

Sister Ann William

Sister Ann William, D.C.
Chairman, Board of Trustees

My orientation to St. Mary's has taken on a variety of forms and it has proven to be an exciting and challenging position to be in at this time.

"Coming together is a beginning.
Keeping together is progress
Working together is success.
Playing together is joy."

It appears that St. Mary's knows all of these. I'm looking forward to "The Follies" as a further opportunity to come together with you.

Our days at St. Mary's are busy ones filled with the care and concern of our patients. You and I are here because we have patients to care for each day. Each of us is a part of all that surrounds us. Participation in "LOOKING GOOD" helps us celebrate being alive with our fellow collaborators at St. Mary's.

Our lives are woven by the weaver of time in a pattern we cannot see! Let's put "The Follies - Looking Good" into our life at this time.

"Life is a mixture of
sunshine and rain
laughter and teardrops,
pleasure and pain."

Sister Mary Alice

The Follies - "LOOKING GOOD" gives the opportunity for a good time filled with **joy, laughter** and **fun** with the collaboration of the Medical Staff, Professional Staff, the Faculty, the Women's Board, Volunteers, Sisters, Employees and all friends of St. Mary's.

The Women's Board of St. Mary's Hospital

in service to St. Mary's since 1933

Our Director

JOSEF GREGORY

Josef Gregory

Mr. Gregory is a native of Fort Worth, Texas. He started his performing career with the Texas Boy's Choir. At the age of 17 he became a protege of the internationally acclaimed ballerina, Mia Slavenska.

He has danced with such prestigious companies as Les Grands Ballets Canadiens, The Metropolitan Opera Ballet, and Germany's Frankfurt Opera Ballet.

His credits as a triple threat (actor, singer, dancer) include summer stock in such productions as Oklahoma, in which he played Curley, Annie Get Your Gun, and South Pacific; among others. He's appeared on Off-Broadway in productions of The Physicists, The Intruders, and Coming Through The Rye. His last appearance on the stage was as the Constable in a touring company of Fiddler On The Roof.

Mr. Gregory was artistic director for the Alabama State Ballet in 1971 and has taught and choreographed for many different companies throughout the United States.

He studied acting and directing at the Stella Adler Theatre Conservatory; under the tutorage of Stella Adler.

Before joining The Cargill Producing Organization, he opened and managed the very popular New York City Theater Supper Club, Freddy's.

In addition to his duties as a director for Cargill, he also writes and composes. His musicals have been performed at ELT in Manhattan and the Chef Henri Dinner Theatre in Cleveland. Mr. Gregory's music has been used for other Cargill productions as well as his own, and he has written special music for his present show.

EXTENSIVE CNC MACHINING CENTERS

MEANS FASTER QUALITY SERVICE

Nationwide chose the state-of-the-art in computerized precision machining for some very solid reasons.

- To insure a quality program of zero defects.
- To enable Nationwide to be more cost-competitive.
- To enable Nationwide to deliver the most intricate machined castings more quickly than ever before.
- To handle bigger orders and more of them with less tooling, lower tooling cost and greater precision.
- Added to our already extensive facilities our CNC department means we can do even more for you.

A little IRA goes a long way™

You can open an Individual Retirement Account with as little as $50, then add to it throughout the year, so you'll be saving on taxes now and for retirement later. Naturally, the more you can contribute to your account (up to $2,000 annually), the greater your benefits will be.

Get off to the right start now, by planning for your retirement with us, where a little IRA goes a long way.

SECURITY TRUST COMPANY

Information on this account may be obtained at any office of this bank. Member F.D.I.C.

Winning combinations

from the Nazareth College Continuing Education Office

Management Science/Writing
Business Administration/Psychology
English/Computer Science

Nazareth College makes it easy for you to combine programs in our traditional areas of strength such as writing, psychology and English, with our newer, fast-growing programs in areas such as management science, business administration and computer and information science. By combining these disciplines, you can create greater career possibilities.

Let us plan a program to suit your needs.

nazareth

Education for a career, education for a lifetime
